U

review and award of Faculty Development Grants fall and springs rounds, Emeritus Faculty Development Grants and Faculty Research Grants. The committee also reviews and awards the Schupf Scholar Research Grants.

The committee consulted (through the Associate Dean of the Faculty) with the SGA regarding the election of the faculty speaker for the 2022 Commencement. See the attached list of awards and grants given during the 2021-2022 academic year.

In addition, the Committee submitted a budget proposal concerning Sabbatical Enhancement awards. FDC's current policy is to award 4 (four) sabbatical enhancement awards at 60% of salary, which is a fraction of the faculty who apply for it. The proposal asked that the college award sabbatical enhancement awards to one third of all eligible faculty at 75% of the salary. The Dean's Office rejected the proposal.

The committee wishes to thank Janet Casey for her contribution and institutional perspective, and Lynn Ehn for her work managing grant applications.
