## LIFE IN THE DANCE DEPARTMENT

Each class has both majors and non-majors who study side-by-side. Dance professors determine the appropriate level for each student. ALL dancers are expected to work diligently to master the rigors of technique and to progress throughout the semester. All dance technique classes may be repeated for credit. *Dancers are allowed to audit up to 2 dance classes per semester, to enable them to train in the studio more often.*

Students also work toward proficiency in the major through a combined course of study, which includes dance history/criticism, dance injury prevention/management, dance theory, improvisation composition and workshop classes. As with any academic coursework at Skidmore, the highest level of integrity and discovery is expected in the pursuit of this knowledge and expansion of skills. The Skidmore Academic Honor Code must be upheld at all times. Dance majors and minors are encouraged to investigate related areas of study, and many of our majors combine the dance major with other areas of interest.

## COURSE SEQUENCE RECOMMENDATIONS

For the prospective Dance Major, this sequence of courses is recommended, along with appropriate technique & workshop:

## INDEPENDENT STUDIES:

Independent studies **culminating in performance** must be approved by the faculty through a written proposal process. Please download the independent study proposal template at the link below:
